

# HOUDINI™

## WINE RACK

**MODULAR RACK EXPANDS "LIKE MAGIC" TO FIT YOUR SHELF, COUNTER OR CUPBOARD SPACE.**  
Compact design of the Houdini Wine Rack fits almost anywhere—even in the fridge, to keep white wines cold.

1. PRESTO! It folds flat in the box --but turns into a neat 4-bottle wine rack.  
(Box size: 8" X 13" X 1")

2. Two units connect to make an 8-bottle rack. They connect quickly and easily with Add-On Clips included in the box.

3. Multiple racks connect to hold 12, 24, 48 or more bottles. Space-saving design stores more bottles in less space than any other wine rack.

4. High-tensile-strength wire and super-strong plastics give the Houdini Wine Rack remarkable structural strength\*.

*\* Tests show multiple units can bear up to 3 times the weight of wine bottles they're designed to hold.*
